En nuestra colección de 2015 - 2016, toma una importancia relevante el potenciar un sistema sostenible y responsable con nuestro entorno y así mismo fortalecer al máximo el "MADE IN SPAIN".

Hemos resaltado especialmente las texturas de nuestros nuevos perfiles con unos acabados "rusticos" muy en vanguardia, según la tendencia actual de la decoración.

Los colores son protagonistas en esta nuestra última colección, alegres y contemporáneos, con un toque de fantasía y de pasión.

Tampoco, nos olvidamos de las molduras barrocas y clásicas en oro y plata que cada vez vuelven con más fuerza en el mundo del interiorismo.

In our 2015 - 2016 collection, it makes a relevant importance the strengthening of a sustainable and responsible system with our environment and likewise reinforce to the most the "MADE IN SPAIN".

We especially highlighted the textures of our new profiles with a "rustic" finish very vanguard, as the current trend of decoration.

The colors are featured in our latest collection, cheerful and contemporary with a touch of fantasy and passion.

Nor forget the baroque and classical moldings in gold and silver which are becoming increasingly stronger in the complex world of interior design.
